Thanks Katie, I am double checking with Chris and Charlie. Can we meet up at the Tech?

Hi Nikia,

I can make that work after 8:30am. I have to get kids to school first ☺

Thanks,
Katie

Hi All,

I have consulted with my team and it looks like they will be back in Montana the week of March 25th. I think the morning of Tuesday March 26th would work best for us if that works for you?

Thanks,

Nikia Greene

Hi Nikia,

As you can see from the responses of Katie and David, the March 14 date is not available for Katie. Please let us know if a time the following week of March 18 can work for you, Charlie and Chris. (I will be out of town Thursday and Friday that week, but it is not essential I be present for this meeting.)

Thanks.

Hi,

I don't have any conflicts that week of the 18th, other than 1-3 on Thursday.

David

Hi Mary Kay and David,

I would very much like to meet with the EPA but next Thursday is already pretty full and might be hard for me to fit in. We are interviewing job candidates for one of our open positions in the department that day.

Does another day in the near future work better for all of us? The following week (week of March 18) is Tech's spring break. I am around that week and don't have classes so my schedule will be very open and flexible. Please let me know what might work for you both and we can give the EPA a couple of dates to work with.

Thanks,

Katie

Hi David and Katie,

Will you kindly confer and then let Nikia know if you can meet with him and two other EPA guys the morning of March 14? Chris Wardell is Community Involvement Coordinator and Charlie Partridge is their Region 8 Toxicologist. I have a medical procedure that morning in Deer Lodge so cannot attend. If it happens that this time/date is not the best for you either, please suggest a couple of different times to Nikia. And if that is the case, I will try to tag along.

Thanks for a much.

Mary Kay

Hi Mary Kay,

Hope you are staying warm. I had -36 degrees this morning, Yikes!
. Anyway, now that we are somewhat back on track I would like to see if you, David, and Katie would still like to meet with me, Charlie, and Chris.

Charlie and Chris will be in Montana next week and available the morning of Thursday March 14th.
Hopefully that works for you, please let me know.

Thanks,

Hi Mary Kay and David,
Hope you had a great Christmas and will have a Happy New Year.

Due to the Shutdown we are going to have to reschedule this meeting. I will keep you posted when we start back up. Thanks
Nikia

Hi Nikia.

Katie Hailer is available to meet with you and your toxicologist on January 7 in the afternoon. That is the start of the new semester, so she cannot meet with you in the morning. I have invited our chair of the board, David Hutchins. Perhaps we can meet up at Tech. We can finalize details as the date approaches. We sure hope the government shutdown is over by then.

I'm very happy Christmas to you and yours.
